CONDITION OF THE MARKETS

Removal of the German Embargo on Pork Causes Provisions to Advance.

Mess Pork Up 30 Cents and Lard and Ribs Nearly 20 Points-Wheat, Corn and Oats Little Changed-Rye 3 1-2 Cents Higher.

MONEY, STOCKS AND BONDS.

Prices Take an Upward Turn on Free Buying

and Good Advances Are Scored, NEW YORK, Sept. 4 .- Money on call was easy, ranging from 21/2 to 4 per cent., the last loan being made at 3 per cent., closing offered at 3 per cent.

Prime mercantile paper 54 @712 per cent. Sterling exchange quiet and steady at \$4.83 for sixty-day bills and \$4.85 for demand.

The total sales of stocks to-day were 384,-838 shares, including the following: Atchison, 71,095; Chicago Gas, 3,978; Delaware, Lackawana & Western, 17,444; Delaware & Hudson, 4,200; Erie, 7,410; Louisville & Nashville, 9,055; Manhattan, 3,240; Missouri Pacific, 10,438; Northwestern, 4,175; Northern Pacific preferred, 8,025; Reading, 5,440; St. Paul, 42,430; Union Pacific, 34,157.

The stock market to-day threw off the forces of depression which have had the upper hand for the last few days, and, although there was not that broadness to the dealing which marked the former advance, the dealings reached a large number of stocks, and the leaders all scored material gains as the result of the day's operations. The demand for stocks was so urgent that the "shorts" went in to cover, and the buying of this class of operations prevented the usual reaction in the last hour from the realization of profits by the traders from day to day. There was also, as an indication of the selling of the last two or three days, a heavy demand for stocks in the loan crowd, a though nothing commanded a premium for use. The grangers were still the leaders of the market, especially in point of activity, but the coal stocks came to the front in respect to the advances made, all of them displaying the most pronounced strength on a comparatively moderate business. Many of the specialties, as usual, scored material gains, but the general list, as a rule, was moved in sympathy with the leading shares within narrow limits.

The opening was strong at advances over last night's prices of 18 to 58 per cent., and the upward movement was kept going to the close, no set-back of importance being seen throughout the entire day, and even particular stocks showed no reaction worthy of the name. Five stocks-St. Paul, Union Pacific, Atchison, Burlington and Rock Island-furnished over one-half of the total transactions, but the rest of the list were not dull, and the business of the day footed up a respectable figure. The dealings were unusually devoid of special feature, the whole list moving in the same direction with nearly equal speed. The market finally closed active and strong at the highest prices of the day. The advances of note comprise almost the entire active list, but Lackawanna rose 318, Union Pacific 2%, Burlington 21s, Atchinson 2, C., C., C. & St. L. and Rock Island each 1%, Missouri Pacific 1%, Lake Shore and Northern Pacific preferred each 14, and the oth-

ers smaller amounts. Government bonds were dull but firm. State bonds were dull and steady. Closing quotations were:

NEW YORK, Sept. 4.-Bar silver, 97% per LONDON, Sept. 4. - Bar sifver, 45d per ounce.

TRADING AT CHICAGO. Provisions and Rye Bounding Upward-

Other Articles Little Changed.

CHICAGO, Sept. 4 .- Only a moderate business was transacted in wheat, and while prices were the object of numerous fluctuations, the changes were within smaller range than usual. The market was more or less governed by speculative operations, according to which way the majority of orders happened to be, whether on the buying or selling side. Wheat showed a little strength around the opening, influenced chiefly by the fact that cables quoted Liverpool 34d higher on futures. There was some good buying at the start, partly by the local professionals and partly on outside account. New York had some buying orders at the opening, and there seemed to be but little for sale. The first trading in December was around \$1.01 and \$1.014, the market getting a little strength from the excitement which ruled in the provision pit. But the demand soon slackened and New York, turning sharply to the selling side, that market and the Northwest being weak, there was an irregular decline to \$1.01%. But the decline reached a good

reduction in the German duty on wheat was only 16 per cent. or equal to about 212c per bushel, instead of 10e per bushel. But the reports were discredited and soon ceased to have any influence. A cable to Norton Worthington quoted a downward tendency in wheat, a decline in flour and weather brilliant. Then Logan got a cable reporting No. 2 red 212d lower in Liverpool and London, also showing a decline, with the excitement in the provision pit subsiding. There was a decline to \$1.00 at

at noon. The market continued weak, de-

many buying orders, and, a rumor gaining

currency that Germany was to remove a

part of the duties on American grain, there

was something of a rally. December react-

ing to \$1.01. A New York telegram said the

clining to \$1.004, but railied near the close and closed at \$1.01. Corn was lower owing to the fact that the anticipated frosts did not materialize. There was a light one at Des Moines, otherwise there was no appearance of one in the corn beit. As the market was bulled yesterday on the danger of frosts, the failure of the prediction knocked out the prop and a decline followed. October opened at 59@ 50 c, but broke to 58 c. Then there was a gradual hardening owing to the strength in provisions and the large demands from "shorts," with a reaction to 5012c, eased off, stood for a time around 5014c, and then sold up sharply to 60 c. The clique was said to have sold freely on the advance. After noon there was a break to 59'sc. a reaction to 60 se. Then the market held around 60c for some time, but finally weakened and closed at 59%c. advance to 6014c was on stare of manipulation and indefinite rumors

of frost. Owing to the fears of manipulation in September and October, trade is rapidly drifting into the year and May deliveries. Oats were comparatively steady, with

the fluctuations in October confined to a range of ac, closing with ac advance. The reported reduction in the duty on grain caused a flurry in tye, and especially as there were foreign buying orders on the market, and that cereal scored an advance

Provisions were excited by the announcement that Germany had removed the embargo on American hog products. The crowd was caught short, and made haste to cover. October pork sold from \$10,7219 to

.1714@.20c. The leading futures ranged as

Options. | Op'ning | Highest. | Lowest. | Closing. \$1.00 18 \$1.01 1.06 34 1.07 66 38 68 1 46 39 46 3 29 29 3 29 38 3 3 3 10.70 10.90 11.00 Wheat-Sept \$1.0114 1.0778 6819 6019 4735 2919 1.073 663₈ Corn-Sept . 33¹4 10.27¹2 Pork-Oct 11.00 11.2712 11.00 Dec 13.50 13.45 13,7212 Jan.... DUN & CO.'S WEEKLY REVIEW.

Increased Confidence and a Gain in the Volume of Trade—Manufactures Improving. NEW YORK, Sept. 4 .- R. G. Dun & Co.'s weekly review of trade says: Business improves in all sections, at the South partly because of injury to the cotton crop and the consequent advance in the price. The wheat crop is out of danger and is enormous, undoubtedly the largest ever grown, and moving with unusual rapidity. The corn crop has been saved, and is very large in most of the surplus-producing States, and even within the range of recent frosts appears to have been in part beyond injury. The monetary situation is also decidedly clearer and more favorable. Foreign needs appear less urgent, and the danger of successful resistance to American demands for gold is diminishing.

The removal of the German prohibition of American pork imports promises a largely increased demand for important products and a considerable addition to merchandise exports for the year. Exports from New York in five weeks exceed last year's nearly 31 per cent., and while imports also increased largely, the balance of trade turns decidedly in favor of the United States. The injury to cotton may also hasten exports of that product which foreign operators, knowing the large stocks in Europe, might not have bought early had

the American crop been full. The reports from other cities express increased confidence and show some actual gain in the volume of trade. Steady improvement is seen at Boston. At Philadelphia improvement is seen in iron and coal, steady buying of wool by manufacturers, especially of worst-eds, and fair trade in tobacco and chemicals, but collections are generally dull. Manufacturing is active at Baltimore and jobbing trade healthy. Clothing and dry goods are especially active and collections fair at Cincinnati. At Chicago wheat receipts are four times last year's. rve nine times, corn and dressed beef double and oats show increase, while some decrease is noted in flour, about one-balf in barley and cured meats and a quarter in lard. Sales of dry goods exceed last year's, which were phenomenally large, and in clothing and shoes the trade is immense. At St. Louis the distribution exceeds last year's and orders are free. At Kansas City trade is fairly healthy. At Minneapolis the jobbing trade is very good, wheat receipts being double last year's, and lumber advanced \$1 per thousand by the association, and at St. Paul trade steadily increases with assurance of unprecedented crops. At Milwaukee business gains, though unusually slow collections pinch some of the jobbers. At all Southern points higher cotton stimulates trade, and collections are somewhat better, and at New Orleans there is a fair demand for sugar. At most Southern points money is also easier, and at New

stringency are noted, though money is Operations in speculative markets have Side of the state been more active, and wheat has de-

Orleans in ample supply for legitimate needs. At the West no complaints of

have been at the rate of 1,350,000 bushels faily for the week thus far. Exports for the current week have been about ten times those of last year, though the movement of flour does not correspondingly increase. Corn declined 3c before the reports of frost, and oats 14c. Cotton has advanced notably. more than 'ac during the week on sales of 930,000 bales at New York, and the market is likely to be uncertain for some time to come. Oats have fallen 35sc, and coffee 34c. but no fall is seen in pork products, which may be strengthened by the new German decree. In stocks there has been a remarkable advance, broken on Thursday by some

reaction on reports of frost.

The great industries are doing well, though strikes of importance are threatened in the cotton-mills at Fall River, and the window-glass-works at the West. Distinct improvement is seen in the demand for iron and its products, though prices are unchanged, also in coal, while minor metals are firm. The trade in dry goods is fairly large, particularly in all-wool cassimeres and dress goods.

The business failures occuring throughout the country during the past seven days number 217, as compared with a total of 226 last week. For the corresponding week of | 20.10c. last year the figures were 203.

TRADE IN GENERAL,

Quotations at Philadelphia, Baltimore, Cincinnati, St. Louis and Other Points. ST. LOUIS, Sept. 4.—Flour very dull but unchanged. Wheat—Notwithstanding the big batch of bullish news the market opened %c off. Later there was a rally of se, but the feeling was nervous and unsettled, at one time dropping 1/16c below the early lowest rates, but hardened and shot up % @ le, and closed only 18 @ 14 c below yesterday. No. 2 red, cash, 97@971sc; September, 971s@ 9734c, closing at 9734c; October closed at 98c, nominal; December, 9934c@\$1.0034. closing at 9932@9938c. Corn followed wheat and immediately after the opening drop-ped %c, rallied with Chicago, September advancing and closing 112c above yesterday for No. 2 cash, but year was 42c lower. No. 2, cash, 60@63c; September, 594 @6014c, closing at 6012c; year, 43@434c, closing at 433c. Oats—Cash higher, options firm and better, but quiet. No. 2, cash, 29@2914c; September, 28%c, closing at 28%c bid; Octo-ber closed at 29%c bid. Ryo firm; No. 2, 86c. Hay quiet and unchanged. Bran dull and very weak; east track, foc. ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

To test melons is a difficult matter, and Georgia farmer, who has been annoyed by mistakes made in attempting to determine when melons are ripe by thumping them, now judges by scraping off the thin rind with his thumb nail. If the edges of the skin on each side of the scar are left ragged or granulated the melon is ripe, but if the edges of the scar are smoth and even, the thumb nail dug into the rind in places, and the skin does not come off clean, then the melon is green. The test can be made on two melons, one green and the other

Buckwheat keeps down most annual weeds, and it ripens so quickly after sowing that those which grow among it cannot perfect the seed. It has also an advantage over most other crops in not furnishing desirable food for wire-worms and white grubs. One or two seasons with it will clear insect enemies out, and leave the land richer than before, as if grown year after year its scattered seed furnish green manure to keep up the supply of vegetable matter in the soil.

Is not an experiment; it has been tested and its enormous sale is due solely to its merit. It is made on honor, and good housekeepers say SANTA CLAUS SOAF "is a necessity." Don't let your dealer give you some other kind, if he hasn't Santa Claus, but insist on having only SANTA CLAUS SOAP. N. R. FAIRBANK & CO., Mfrs., Chicago, Ill.
